

HiPer Citrus Range

Our superior 'HiPer' ranges, which are unique to the 'Hitchen' family, are **high performance**, highly concentrated natural products delivering high-impact taste. Manufactured using multiple process steps including molecular distillation; the reduced time during distillation enhances the flavour profile, whilst insoluble residues are removed, resulting in low colour and excellent solubility for use in beverage flavours.

FEATURES	BENEFITS
Highly concentrated with 24 month shelf life	Low dosage High impact taste No flavour deterioration
High clarity and low in colour	The 'clear' desired appearance of the beverage is not altered
Excellent solubility in aqueous systems	Can be added directly to a flavour system <u>or</u> used as a simple dilution into a beverage
Process removes non-volatile, insoluble components and residues that do not contribute to flavour	Increased solubility Reduced colour Concentration of flavour components Low viscosity for ease of handling
Produced using rapid distillation and high vacuum conditions	Retains the authentic character and delivers a 'true-to-taste' flavour of the whole original citrus fruit
Kosher and Halal certification possible	Suitable for a wide range of market opportunities
